Ensuring the welfare of the youth

The Bavarian Dart Organisation (short BDV in German) takes a great interest in getting children and young people enthusiastic with appropriate measures for darts. At the same time the BDV is fully aware of his responsibility for the spiritual and physical well-being as well as the unharmed development of the children and young people entrusted to him.

On his events (publicity campaigns, trainings, special pool-training measures and tournaments) the BDV is keeping a preventative and active eye on the strict observance of the Youth Protection Act. On top of this he is also acting as a preventative force on the issues of doping and sexualised violence.
